

# JPL Stories

*Wednesday,  
September 26,  
2007*

*4:30 - 5:30 PM*

*JPL Library,  
Customer  
Service Area,  
West end of  
Building 111  
Room 104*

## **40+ Years of "working for the man"**

***Presented by Tom Duxbury,***  
NExT and EPOXI Project Managers and Mars Scientist

Come hear firsthand accounts of exploring the solar system from the early Mariners to present day. Tom has worked on Mariners, Viking, Pioneer, Voyager, CRAF/Cassini, the Soviet Phobos Mission, Clementine, the Russian Mars 96 Mission, MGS, MPF, ESA Mars Express, ODY, MER, MRO, STARDUST, EPOXI and NExT. Little known and forgotten stories will be relived in walking through the far reaching exploration opportunities that can only be realized by working at JPL.

***Everyone is welcome.***
